for Voluntary Service

Older People Active Lives

TRUSTEE RECRUITMENT

Award winning charity, OPAL Services, is seeking to recruit additional Trustees to join their team. Providing support to older people and carers in rural communities across Cheshire west, OPAL is a dynamic charity, winning the Queen's Award for Voluntary Services in 2020.

Adapting and broadening reach is key to the strategic development plan for OPAL and despite the difficult environment COVID-19 has brought, the charity has continued to increase their service provision.

Committed to expanding and adapting to ever changing environments OPAL seeks new trustees to join their team. Offering flexibility in trustee posts with remote working and the opportunity to contribute as often as you choose, why not find out about how you can help make a real difference in your community?

For more information, please contact Jane Colville, Chair of Trustees
