

# The Vyrnwy Aqueduct Modernisation Programme

## Drop-in sessions

Extending from Lake Vyrnwy in Wales through to Merseyside, the Vyrnwy Aqueduct helps us to provide a clean, reliable and wholesome water supply to communities across Cheshire, Merseyside and the wider North West region.

We're planning some important modernisation and improvements on the aqueduct which extends through your area.

Pop along to one of our drop-in sessions to find out more. No need to book, just come along to a session that's convenient for you. Information can also be found online at [uuhub.co.uk/Vyrnwy](http://uuhub.co.uk/Vyrnwy) or simply scan this QR code with your smartphone.
